Salt Lake City UT 84119

Dear Marty,

On January 1, 2006, our supplier, Accuride, raised the price on the 274040 and the 284080. Please see the attached letter from Accuride. As a result, we will have to raise our price on the contract 2.5% on those two numbers.

	Old Price	New Price
F274040	\$102.52	\$105.08
F285100	\$220.82	\$220.82
F284080	\$ 99.95	\$102.04
F293000	\$230.21	\$230.21

These prices will go into effect February 4, 2006.

Thank you.

Paul S. Henderson

Henderson Wheel

Subject: Accuride Wheels U.S. Pricing, effective January 1, 2006

Dear Paul:

Enclosed you will find your Accuride steel and aluminum wheel pricing that will become effective with shipments beginning January 1, 2006.

Per my earlier letter dated November 11, 2005, the following price changes should be noted:

22.5" Steel Wheels

27404 (up 2.5%)

28408 (up 2.5%)

28487 (up 2.5%)

24.5" Steel Wheels

27406 (up 2.7%)

28409 (up 2.7%)

28641 (up 2.7%)

17.5" Steel Wheels

28112 (up 1.3%)

28656 (up 1.3%)

TDA's

30391225 (up 11.0%)

30391245 (up 9.5%)

All Other Steel Wheel/Rim Part Numbers

No Price Changes

Popular Aluminum Wheels

All aluminum wheels are affected by this price change (example: 29644ANP went up 2.5%). Other part numbers were increased based upon the weight of the product.

Evansville, IN 47716-0600
Phone: (812) 962-5000
Fax: (812) 882-5400

As you will note, pricing has been impacted by dramatic changes in material and economic costs. We've experienced extreme increases in aluminum, natural gas, electricity, labor, and other economics. Accuride continues to work diligently to offset these increases and secure steel and aluminum supply to meet the high industry demand.

Thank you for continued support of Accuride Corporation. If you have any questions, please contact your Accuride Account Representative, or me directly at 812-962-5022.

Sincerely,

Anthony V. Pape
